An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 66, line 1, change "60" to "64".

Reference to claim 60 instead of claim 64 was, in the examiner's judgment, a typographical error. There is no antecedent basis for the "second routable and executable information module" in claim 60. Instead, the antecedent basis exists in claim 64.

Any inquiry concerning this communication should be directed to William M. Treat at telephone number (571) 272-4175. The examiner works at home on Wednesdays but may normally be reached on Wednesdays by leaving a voice message using his office phone number. The examiner also works a flexible schedule but may normally be reached in the afternoon and evening on three of the four remaining weekdays.
